PROFILE

Industrial Engineering student with hands-on experience in construction estimating, operations, and professional front-desk environments. Interested in improving processes, solving practical problems, and applying data-driven thinking to real-world operations.

WORK EXPERIENCE

ASSISTANT ESTIMATOR INTERN

ProCLAD Construction

May 2026 - Present

- Support project estimating by reviewing plans, organizing bid information, and assisting with quantity and cost calculations.
- Work with estimators on active construction projects while developing accuracy, organization, and professional communication.

OPERATIONS TEAM MEMBER

FedEx Express

2024 - 2026

- Processed time-sensitive shipments in a fast-paced operation while maintaining accuracy, safety, and productivity.
- Prioritized work around daily deadlines and changing volume to help maintain an efficient operational flow.

SECURITY / FRONT DESK

Allied Universal

2025

- Managed visitor access, front-desk responsibilities, and routine facility security procedures.
- Communicated with employees and visitors and handled day-to-day questions professionally.

EDUCATION

BACHELOR OF SCIENCE IN INDUSTRIAL ENGINEERING

University of Arkansas | Fayetteville, AR

Expected Graduation: Spring 2029 | GPA: 3.1

Relevant Coursework: Introduction to Industrial Engineering, Statistics for Industrial Engineers, Computing Methods, Linear Algebra
